

# Accent launches Five Star Club

## Outstanding hygiene standards

Following industry wide consultation the Food Standards Agency has introduced a five tier grading system to assess food hygiene standards and procedures in food premises throughout England and Wales. The Scheme known as 'Scores on the Doors' awards excellent standards with five stars and poorer facilities and practices with less.

Since the scheme was introduced 12 kitchens managed by Accent Catering have achieved a five star rating, a tremendous achievement. To recognise the managers and teams at these locations Accent have launched their own "Five Star Club".
