Excellent food and service secures another new contract

Whilst considering a change to Accent, Angela Smith Business Manager at Barley Hill Primary School decided to make an unannounced visit to Cippenham Junior and Infant School to see first hand the quality of food and level of service Accent provide. Soula and her team provide excellent quality lunches every day and Angela was impressed with variety and quality of the home cooked food offered to pupils and staff.

Well done Soula and the team for a successful site visit.
